Taipei Zoo

19-20th September

Reptile Health Workshop (free entry)

21st September

Reptile Endoscope Training Course (limited spots)

The First Announcement for 2026 Reptile Health Workshop

General Information:

The Reptile Health Workshop will be held at Taipei Zoo from September 19th to 21st, 2026. This event will include two days of courses on September 19th and 20th and a practical training course on September 21st (with limited spots).

The workshop is free entry and will be instructed by several clinical veterinarians and expert scholars with extensive experience in reptile medicine and animal husbandry management. The content will cover restraint, diagnostic imaging, conservation medicine, clinical pathology and techniques, zoo medicine and husbandry.

We believe this workshop will provide valuable learning opportunities. We hope your participation will foster further exchange and knowledge sharing within the reptile medicine community.

Please reserve your time in advance. Further details will be announced shortly. We look forward to seeing you in Taipei City.
